# How might we enhance 42 Asia Campuses?

Although all 42 campuses follow the same pedagogy, each has a unique campus life with its own distinct tools and resources that foster a dynamic peer-to-peer learning environment. By exploring shared experiences and identifying common challenges faced across campuses, devise solutions that enhance the overall 42 experience. These solutions must be applicable across all campuses, creating a unified impact that benefits the entire 42 Asia community.

# What is not so good with 42 Asia?

- Many students do not come to campus after the Piscine.
- Working at home is more comfortable and commuting is difficult.
- Few opportunities to exchange with students from other campuses.
- Difficulty finding partners projects. Might have to wait a long time.
- Fall into a black hole because of university commitments.

# What is Good About 42 Asia?

- Good community
- Doing projects with peers
- Fun events
- Insight about nearby tech events
- Hackathons are good for participation
- It's free

# Language Exchange

PROMOTING CROSS-CAMPUS CO-OPERATION  
THROUGH LANGUAGE EXCHANGE

# How It Works?

## Requirements

- Participate in language clubs with other campuses
- Completed or nearly completed common core
- Have basic knowledge of the campus language
- Spend a minimum of 120h on campus each month for 3 months

## Reward

- Cadets spend 1-month working from another campus, make connections, learn the other country's culture
- Visa assistance
- Provision of apartment or home stay is at discretion of the campus

# Benefits

- Get to know people from other campuses
- Learn other languages and cultures
- More attendance on both home and away campuses
- Inter-campus projects
- Find internship abroad
- Entrepreneur opportunities
- Experience 42 on another campus

# Campus Responsibility

- Selection process
- Help with visa if required
- Achievements on intra
- Possible support with accomodation

**Do you know KIMCHI?**

Visited 42 campus in Seoul.

**Hello, Welcome !**

Visited 42Bangkok

# Language club Responsibility

- Organize monthly/weekly virtual meetings to learn/practice language
- Find campuses matched to a student who wants to visit other campuses
- Assign a buddy to incoming students
- Apartment, dormitory, or homestay assistance
- Organize activities with incoming student
- Create an exchange guide for intra

# virtual meetings to learn

- Set up an I-mac / raspberry pi powered camera and monitor device that connects 2 campuses with each other on a weekly basis.
- The device will be permanently turned on to ensure a live interaction between campuses in real time
- Make real time interactions with anticipation.

**THANK  
YOU**
